

Reception Knowledge Organiser: Music: How can different music make us feel?

Petite enquiry – Moving on: Where does a bubble go?

EYFS Framework Specification – this is for my parents and carers!

Music is a great way for children to express themselves. They can express their preferences and their thoughts and feelings. Children can respond rhythmically to music with instruments or their bodies. They can look at the similarities and differences of music in other cultures.

Music

I know that sounds can be made with my voice, my body or by playing an instrument.

I can describe how instruments are played.

I can make different sounds and can choose different sounds for different purposes.

Dance

I can copy a dance.

I can create my own movement in response to music.

Writing

I can write in sentences to tell other people what I have found out.

I can use my phonics.

Music: How can different music make us feel differently?

Geography

I can look up where I live on a map.

Talking points for home!

What is your favourite song? Why?
What instruments can you hear in it?

Can you create different sounds using your body?

Can you make an instrument? How is it played?

Opinion

I can talk about the music that people enjoy around the world.

I can say how sounds and music make me feel.
