

My Commonwealth 2022 Poem:

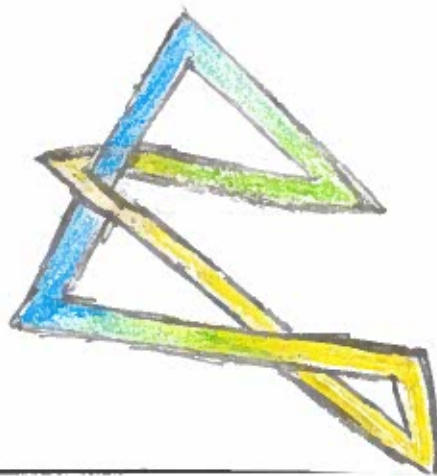

In a town of culture,
its full of splendour.
Every step you take,
makes a change.

From climate change marches,
to black lives justice.
So never give up,
because your might have some luck.

Every dive and stride,
will pull you forwards.
So many nationalities,
we are one big family!

Maybe you might make history,
in the wonderful Brummy city!
