

THINK JUST THINK

The clock is ticking fast,
Our possibilities are vast,
But one has the chance.

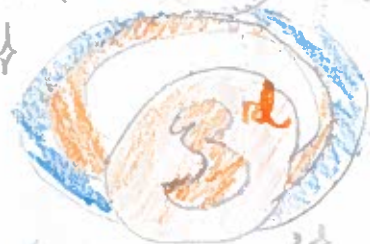

Think, just think,
Disabled or not,
Make your move
never forgot,
When you're down,
climb to the top.

Think, just think,
Because one small mistake,
Could be your biggest leap
to take.

Some will be better,
but let your thoughts
flow,

Don't let fear overcome,
Because you could be the
one, that won.
